

# Eisenhower Embraces the Summer Months

As the temperature increases and the valley's population decreases, we know that the summer months are before us. At Eisenhower, summer is not a time of slowing down:

- In June, Eisenhower Medical Center will become the Coachella Valley's first Teaching Hospital by welcoming our first 22 medical school graduates to the internal and family medicine residency programs. To read more, [click here](#).
- We are proud that the Eisenhower Lucy Curci Cancer Center recently earned "reaccreditation with commendation" by American College of Surgeons. This is a great honor, although not unexpected for those that have been patients of our fabulous cancer center. Be sure to read the entire article below!
- We continue to provide a full lecture schedule, providing timely subjects with informative information for our community...see the left column for a listing and go to [emc.org](http://emc.org) for a complete schedule.

Keep cool!
